Assistant Superintendent
Business & Finance/Buildings & Grounds

Nancy L. Scott
Director of Special Services
Federal Programs

Dear Parent/Guardian:

The Sedalia School District #200 is pleased to announce the addition of a **Parent Web Access** module to our School Information System (SIS) at Sedalia Middle School and Smith-Cotton High School. This module enables parents/guardians, via their web browser, to view their student's grades, lunch account, and attendance, while also providing a tool that connects the school community.

Attached you will find a **Parent Web Access Registration Form**. This form will assist us in the collection and entry of data that must be obtained to allow the Parent Web Access module to function properly. **Please note that participation in this project is voluntary, you are not required to complete the attached form.**

Please complete this form (making sure that a parent/guardian signature is included) and return it to your student's school as soon as possible. The form may be returned via your student, mailed to the school, or may also be faxed to your student's school.

Sedalia Middle School fax number: 827-6112
Smith-Cotton High School fax number: 829-6409

Once the form has been completed and returned, Parent Web Access to your student's data requires use of unique user ID's and passwords. The Parent Web module assigns the passwords and automatically informs the parent/guardian of the user ID and password via email.

We are excited about the addition of the Parent Web module and hope that it will be a useful communication tool for our school community. As with any new venture, there may be some problems during the implementation of this module. We ask in advance for your patience and that you work with us during this time to provide us with helpful feedback in the process.
